

Entrance Exam Update

We have received number of enquiries about the Entrance Test for the students. As you are already aware, we are following the Government directive for all schools to stay closed till 31-03-2020. We await the next Government directive which is likely to be issued on 01-04-2020 and all further course of action depends upon the upcoming Government directive. Should there be any further developments before 01-04-2020, we shall correspond with you. After the Government relaxes the current restrictions our schedule shall factor in a reasonable amount of time for families to make arrangements to take up the Entrance Test for their children.

Best Wishes

Principal
